Idemitsu has been manufacturing premium quality lubricants for over 100 years, and supplying 0W-20 for more than a decade. Idemitsu Full Synthetic 0W-20 Motor Oil is a premium OE-equivalent lubricant. We work closely with OE engineers of Honda, Mazda, Toyota and many other carmakers to meet all their performance and protection requirements.

**0W-20 Full Synthetic Engine Oil**

1. Reduces Engine Friction
2. Maximizes Engine Protection
3. Improves Fuel Efficiency
4. Extends Drain Intervals

Idemitsu ATF and CVT Transmission fluids are factory-fill quality products engineered to meet the most stringent requirements of all Japanese brands.

■ Idemitsu ATF and CVT Transmission fluids are factory-fill quality products engineered to meet the most stringent requirements of all Japanese brands.

■ Consumers and technicians now recognize that fluids exclusively designed for specific transmissions and frictions are the best way to extend the life of vehicles.

■ Our application-specific formula guarantees no shift shocks, less clutch wear, and reduced fuel and oil consumption.

**APPLICATION-SPECIFIC ATF & CVT - AUTOMATIC TRANSMISSION FLUIDS**

**ATF Type TLS**
Engineered for Toyota / Lexus / Scion A/T
* Meets ATF Requirements for Toyota / Lexus / Scion with T-IV specs

P/N# 30040093-75000C020

**ATF Type TLS-LV**
Engineered for Toyota / Lexus / Scion A/T
* Meets ATF Requirements for Toyota / Lexus / Scion with WS specs

P/N# 30040096-75000C020

**ATF Type H**
Engineered for Honda A/T
* Meets ATF Requirements for Honda with Z-1 specs

P/N# 30040098-75000C020

**ATF Type J**
Engineered for Nissan A/T
* Meets ATF Requirements for Nissan / Infiniti with Matic-D/J/K specs

P/N# 30040095-75000C020

**ATF Type HP**
Engineered for Subaru A/T
* Meets ATF Requirements for Subaru (2005 & later) with HP specs

P/N# 30040099-75000C020

**ATF Type M**
Engineered for Mazda A/T
* Meets ATF Requirements for Mazda with M-V (M5) specs

P/N# 30040092-75000C020

**ATF Type HK**
Engineered for Hyundai, Kia & Mitsubishi A/T
* Meets ATF Requirements for Hyundai, Kia & Mitsubishi with SP-III specs

P/N# 30040097-75000C020

■ Idemitsu ATF and CVT Transmission fluids are factory-fill quality products engineered to meet the most stringent requirements of all Japanese brands.

■ Consumers and technicians now recognize that fluids exclusively designed for specific transmissions and frictions are the best way to extend the life of vehicles.

■ Our application-specific formula guarantees no shift shocks, less clutch wear, and reduced fuel and oil consumption.

**CVT Fluid**
P/N# 30040091-75000C020

Specific design for JATCO CVT transmissions
Precise friction properties for greater power transfer and smoother operation. Thermo-oxidative stability and extreme pressure protection.

**POWER STEERING FLUID**
The best protection and performance
Our PSF contains modifiers that lower friction to decrease unwanted noise, wear and repair costs. Special oxidation inhibitors greatly reduce corrosion.
